PROJECTS

PORTFOLIO WEBSITE-

HTML and CSS

Designed and developed a dynamic portfolio website that serves as a showcase of my web development expertise and projects. Leveraging HTML and CSS the website features an intuitive and visually appealing user interface to engage visitors and display my skills effectively.

TIC TAC TOE-

HTML and CSS

Designed and developed an interactive Tic Tac Toe game, implementing classic gameplay in a modern and userfriendly web application. Leveraging HTML and CSS, the game offers an engaging and visually appealing experience for players.

AMAZON CLONE –

HTML and CSS

Designed and developed a fully functional Amazon Clone, a web application that emulates the core features of the popular ecommerce platform Amazon. Leveraging HTML and CSS the clone provides users with an immersive shopping experience, simulating key functionalities of an actual online marketplace.

FLOWER APP-

HTML and CSS

Designed and developed an elegant Flower Website, a visually appealing web application that showcases a wide variety of flowers and floral arrangements. Leveraging HTML and CSS.

ACHEIVEMENTS

☐ Solved a total of 200+ coding challenges on Leetcode, CodingNinja, and GeeksforGeeks
